

Full Flex Rx™ is quite simply the most advanced joint and comfort formula available. The Joint Structure and Joint Comfort Support multi-nutrient approach gives Full Flex Rx™ the ability to potentially target many of the conditions and discomforts of aging joints by providing antioxidant support and powerful building block material support! So anyone with sports injuries, strains or the pain from arthritis and aging joints may benefit from Full Flex Rx™ !*

Full Flex Rx™ is designed to:

- ◆ Increase joint comfort*
- ◆ Help improve pain discomfort
- ◆ Improve flexibility and mobility*
- ◆ Increase hydration and elasticity*
- ◆ Increase synovial fluid viscosity*
- ◆ Promote connective tissue health*
- ◆ Improve and limit joint inflammation*
- ◆ Maximize connective muscle functions*

Joint Comfort Support:

- **Boswellic Acid** has been associated with improved joint comfort by maintaining proper prostaglandin levels, providing antioxidant protection & supporting the immune system.*
- **Curcumin** is an antioxidant that works synergistically with Boswellia to maintain leukotriene & prostaglandin levels.*
- **Quercetin Chalcone** is an antioxidant that helps maintain prostaglandin levels.*
- **DMG** is a versatile metabolic enhancer and methyl donor that supports joint health through immune system modulation, circulation, oxygen utilization and antioxidant protection.*
- **Nexrutine®** is a patent-pending plant extract from the phellodendron tree and has a positive effect on enzymes that support joint comfort. Research indicates that Nexrutine® helps relieve general aches and pains associated with physical activity and over-exertion.*

Supplement Facts

Serving Size 3 Capsules
Servings Per Container 30

Amount Per Serving	% Daily Value
Glucosamine HCl (from shrimp and crab) 750 mg	*
MethylSulfonylMethane 500 mg	*
Phellodendron amurense (Nexrutine® Brand) 250 mg	*
Curcumin Extract 200 mg	*
Yielding: Curcuminoids 190 mg	
Sea Cucumber 150 mg	*
Boswellia serrata Extract 150 mg	*
Yielding: Boswellic Acid 90 mg	
Quercetin 100 mg	*
DMG HCl 75 mg	*
Sodium Hyaluronate 20 mg	*

*Daily value not established

Other ingredients: vegetable cellulose, rice flour, vegetable stearate

Joint Structure & Function Support:

- **Sea Cucumber** have been used in China for thousands of years to support joint health. Sea Cucumber are a rich source of highly bioavailable chondroitin sulfates and contains nutritional factors such as fatty acids that promote joint comfort through immune system support & helps maintain proper prostaglandin levels.*
- **Sodium Hyaluronate**, a source of hyaluronic acid (HA) gives synovial fluid its viscous properties for greater joint flexibility, elasticity, cushioning, hydration, the same qualities of healthy young skin! *
- **Glucosamine** is a fast-acting building block for connective tissue. It is necessary for the production of hyaluronic acid and chondroitin sulfate which support joint comfort and improved mobility.*
- **MSM** is a source of sulfur which the body needs an abundant supply for making collagen. It has been used historically to support joint comfort and circulation.*
