

OPC-AX™ SUPER ANTIOXIDANT

Antioxidants play a key role in supporting the body's ability to resist disease, control free radical damage, heal and repair. Of the known antioxidants such as vitamin A, C, E and beta carotene, OPC's (oligomeric proanthocyanidins) have shown some of the strongest antioxidant and anti inflammatory potential of known plant and fruit extracts.

When people are faced with imbalance and inflammation in their bodies due to excessive "toxic load", the result may be disease such as Arthritis, Allergies, Asthma, Fibromyalgia, Joint Inflammation, Body Inflammation, Pain, High Cholesterol, Cancer, Premature Aging, Skin Wrinkling, Lowered Cardio Function, Arteriosclerosis and more.*

Oligomeric proanthocyanidins (OPC's) are bioflavonoids found in fruits, vegetables and specific tree barks that provide exceptional antioxidant benefits for the human body. Studies have shown OPC's to be up to 20 times more powerful than vitamin C and 50 times more powerful than vitamin E in helping to control free radical damage.*

A NEW WAY TO TAKE ANTIOXIDANTS!

OPC-AX uses our proprietary IsoFizz™ powder to liquid delivery system that makes taking a supplement highly effective and a pleasure! By suspending our OPC blend in a base of Larch Tree extract then mixing it with water, this amazingly good tasting grapey nutrient "shot" will change the way you think of taking vitamins. With only 1 gram of sugar and 10 total calories per dose, our OPC-AX is the most powerful and complete antioxidant available!*

BENEFITS

- Support circulation strengthening capillaries & arteries
- Demonstrates strong anti-inflammatory activity
- Help maintain healthy cholesterol levels
- Supports healthy blood glucose levels
- Helps maintain joint flexibility
- Potent free radical scavenger
- Supports visual health*

ANTIOXIDANT SUPPLEMENT

HOW IT WORKS

Synergy is the solution. Our superior and powerful formula is the key. Your Holistic Life's OPC-AX™ uses a remarkable antioxidant blend at concentrations that ensure that the whole is greater than the sum of its parts.

The OPC's from Grape Seed, Grape Skin, Bilberry, Citrus and White Pine are organic compounds commonly found in plant cell walls, seeds and fruit skins. As a strong antioxidant OPC's fight free radicals, a significant contributor towards oxidative stress which results in DNA damage and cellular aging. When combined with Vitamin C our broad range OPC blend increases its ability to fight free radicals reducing damage caused by oxidative stress.

Vitamin C is a powerful antioxidant on its own. Studies have found antioxidant protection benefits are much more effective when using a combination of both Vitamin C and OPC's rather than by using Vitamin C or OPC's alone.

The concept of this amazing OPC blend is to limit the "Toxic Load" we all face daily. Chemical laden air, water, food, pesticides and radiation all contribute to the constant barrage of toxic load that may result in failing health and the onset of disease. As we age this gets even worse. Aching joints, lagging energy, sagging spotty skin are just the start. If that is what you see on the outside just imagine what is happening on the inside!

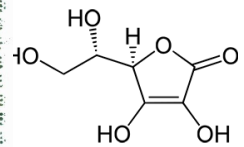

With 420 mg of OPC's per dose the strength is amazing yet we added 100 mg of Pomegranate Extract to the blend supercharging OPC's ability to affect endothelial function (blood vessel dilation) for a heart healthy formula supporting proper cholesterol levels. According to many journals and clinical studies antioxidants even play a role in Anti-Aging! This is why we added the well studied extract Resveratrol for it's results in limiting radical induced premature aging with the support nutrient Fisetin acting synergistically to recharge Resveratrol for maximum results and protection.

Your Holistic Life invented an exciting innovation; our IsoFizz™ powder to liquid nutrient delivery system. Putting one half to one scoop of OPC-AX™ powder in 2-4 oz of water results in a delicious and nutritionally dense liquid that makes our powerhouse antioxidants more bio-available.

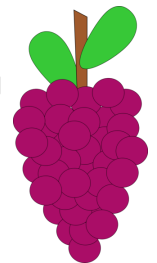

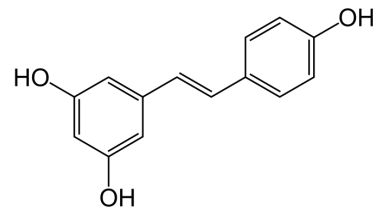

With a sweet and luscious grape berry taste the whole family will be eager to take their OPC-AX™ "shot" each morning for a full days antioxidant support and protection. With only one gram of sugar and 10 calories, OPC-AX™ is the perfect wellness supercharger for your superhero's!*

OPC's from Grape Seed and Grape Skin have high antioxidant/anti-inflammatory potential when taken in concentrated form.*

Vitamin C is nature's powerful antioxidant that has been used for centuries to boost immune response and affect disease.*

Resveratrol shows promise as an anti-aging extract and works synergistically with Fisetin.*

Pomegranate extract has been shown to increase nitric oxide to facilitate blood vessel dilation and support heart health.*
