

OPC-AX™ was formulated as a superior broad range wellness and **anti-aging** antioxidant supplement. It is an easy to take powder to liquid formula using our ISO-FIZZ™ liquid delivery system ensuring maximum bioavailability. Key components of OPC-AX™ are the extracts from Grape Seed, Grape Skin, Citrus Bioflavonoids, White Pine, Bilberry, the anti-aging nutrient Resveratrol and the newest anti-aging superstar, **Fisetin!**

With **345 mg** of power packed OPC's in a **single** dose, no other OPC product has this incredible formula and offers more benefits for healthy aging support! Our Value Sized container provides a full **3 month supply** at an amazing price no other OPC product can match!

OPC-AX™ is designed to:

- ◆ **Combat free radicals***
- ◆ **Support healthy circulation***
- ◆ **Support cardiovascular health***
- ◆ **Support anti-inflammatory activity***
- ◆ **Maintain healthy cholesterol levels ***
- ◆ **Support healthy blood glucose levels ***
- ◆ **Strengthen arteries, veins and capillaries***

Antioxidant Support:

- **Grape Seed and Grape Skin Extracts** have biological chemicals known as polyphenols or oligomeric proanthocyanidins recognized as antioxidants. OPC's have shown broad ranging benefits as an anti inflammatory for cardiovascular health.*
- **White Pine** has demonstrated mast cell histamine inhibition as well as impacting blood platelet aggregation (stacking of blood cells leading to blockage).*
- **Bilberry** has been used for centuries for its purported ability to support and strengthen eyesight.*
- **Citrus Bioflavonoids**, the major bioflavonoids found in citrus fruits. Citrus bioflavonoids are thought to work by strengthening the walls of blood vessels.*
- **Vitamin C**, moderate levels in humans have been found to be prospectively correlated with decreased risk of cardiovascular disease.*

Healthy Aging Support:

- **Resveratrol**, According to the Mayo Clinic, "Resveratrol might be a key ingredient in red wine that helps prevent damage to blood vessels, reduces "bad" cholesterol and prevents blood clots. In recent aging studies in mice a low dose of dietary resveratrol altered gene expression in heart, brain, and skeletal muscle similar to that induced by caloric restriction. Resveratrol also blunted the age-related decline in heart function in this study."
- **Fisetin**, according to Oxford University Press Journal Carcinogenesis: "Fisetin has been reported to exert anticarcinogenic effects as well as antioxidant and anti-inflammatory activity via its ability to act as an inhibitor of cell proliferation and free radical scavenger, respectively." Researchers have found that Fisetin may help prevent Resveratrol from metabolic break down potentially stabilizing Resveratrol thereby extending its effects and benefits. *

Supplement Facts

Serving Size 1 (5 g) Scoop
Servings Per Container 90

Amount Per Serving	% Daily Value
Calories 15	
Total Carbohydrates 4 g	1%†
Sugar 1 g	
Vitamin C (as Ascorbic Acid) 250 mg	417%
Calcium (as Tricalcium Phosphate) 70 mg	7%
Resveratrol (Polygonum cuspidatum) Extract 100 mg	*
yielding Trans-Resveratrol 25 mg	
Grape (Vitis vinifera) Seed Extract 100 mg	*
yielding Proanthocyanidins 95 mg	
White Pine (Pinus strobus) Bark Extract (4:1) 50 mg	*
Apple Pectin 30 mg	*
Citrus Bioflavonoids 25 mg	*
Bilberry (Vaccinium myrtillus L.) Extract 25 mg	*
Red Grape (Vitis labrusca) Skin Extract 25 mg	*
Fisetin (Rhus succedanea L.) Stem Extract 20 mg	*
Stevia Leaf Extract 30 mg	*
